Support for Healthy Estrogen Metabolism*

DIM

Order Now

DIM

150 mg of DIM Per Serving

Support for Healthy Estrogen Metabolism in Men & Women*

Supports healthy estrogen metabolism in men and women.* DIM is an advanced metabolite of Indole-3-Carbinol, the indole found in cruciferous vegetables. Indoles support healthy estrogen metabolism and an optimal ratio of estrogen metabolites, including 2-hydroxyestrogen and 16-hydroxyestrogen. BioPerine® and curcumin combination has been added to enhance the bioavailability, extent of absorption and serum concentration of the bioactive curcuminoids.*

Directions

Take two capsules once per day or as directed by your healthcare practitioner.

Higher-Strength DHEA*

DHEA 25 MG

Order Now

DHEA 25 mg

25 mg DHEA per capsule

The Adrenal "Mother Hormone"*

Higher-strength DHEA. The adrenal-produced "mother hormone" converts to estrogen, testosterone, and progesterone. This formula is 98.5% pure DHEA. Levels decline meaningfully after age 30.*

Directions

Take 1 capsule once per day. Consult practitioner if pregnant or nursing.

Specifications

Serving Size 1 Capsule

DHEA per capsule 25 mg

Available in 90 Capsules

pharmacyinnovationsstore.net

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Gentle Strength DHEA*

DHEA 5 MG

Order Now

DHEA 5 mg

5 mg DHEA per capsule

Low-Dose DHEA for Baseline Support*

Low-dose DHEA — the adrenal "mother hormone" that converts to estrogen, testosterone, and progesterone. DHEA levels decline after age 30. This 5 mg strength is common for women's baseline support or gentle titration.*

Directions

As directed by your healthcare practitioner.

Specifications

Serving Size 1 Capsule
