

NI Wholesale — Product Reference Sheet

A quick-reference guide for pharmacy teams and recommenders. Every active NI Wholesale product with its comparable brand name, key ingredients, dosages, and suggested use.

Version: 2026-07-30 **Source of descriptions:** pharmacyinnovationsstore.net (pulled from manufacturer labels) **Product count:** 22 active SKUs across 4 manufacturers

How to use this doc

- **Comparable To** tells you the original manufacturer product NI's private-label item is based on — useful when a patient asks "is this the same as X?"
 - **Key Ingredients** lists the active nutrients with doses per serving. Serving size is noted where it isn't 1 capsule/softgel.
 - **SKU** matches the NI Wholesale catalog for ordering.
 - Nothing here is medical advice — dosing decisions stay with the prescriber.

Contents

Probiotics - FemFlora Balance - FloraRestore - Ultra Flora - Ultra Pre Powder - Ultra Spore Biotic

Vitamins - Absorbable Zinc - B-Balanced - D3K25000 - E-Balanced - Max Multi - Vit A

Minerals - Magnesium Glycinate - Organic Iodine

Hormone Support - DHEA 5mg - DHEA 25mg - DIM

Bone Health - OsteoPlus

Digestive - GastroGuard

Cardiovascular / Metabolic - EPADHA950 - Red Yeast Rice - Ubiquinol

Skincare - RECODE GLOW CREAM

Probiotics

FemFlora Balance

- **Comparable To:** Vaginal Balance (Microbiome Labs)
- **Manufacturer:** Microbiome Labs
- **Package Size:** 60 Capsules (30 servings)
- **SKU:** ML001

What it does. Targeted daily support for vaginal pH, yeast balance, bacterial balance, urinary tract health, plus general immune and digestive support. Combines *Lactobacillus* strains with cranberry.

Key Ingredients (per 2-capsule serving): - Cranberry Powder (*Vaccinium macrocarpon*) — 500 mg - Proprietary Probiotic Blend — 126 mg (5.5 Billion CFU) - ASTARTE™ *Lactobacillus crispatus* (LBV 88®) - *Lactobacillus rhamnosus* (LBV 96®) - *Lactobacillus gasseri* (LBV 150N) - *Lactobacillus jensenii* (LBV 116®) - LA-5® *Lactobacillus acidophilus*

Directions: 2 capsules per day (ages 18+).

FloraRestore

- **Comparable To:** RestorFlora (Microbiome Labs)
- **Manufacturer:** Microbiome Labs
- **Package Size:** 21 Capsules
- **SKU:** ML003

What it does. A gut-recovery probiotic designed to maintain healthy microbial composition during and after antibiotics or other microbe-disrupting medications. Holds up in the presence of those meds where standard probiotics wouldn't.

Key Ingredients (per capsule): - Probiotic Blend — 370 mg (8 Billion CFU) - *Saccharomyces cerevisiae* var *boulardii* (CNCM-I-1079) — 250 mg - *Bacillus clausii* (SC-109) — 100 mg - *Bacillus subtilis* HU58™ — 10 mg - *Bacillus coagulans* (SC208) — 10 mg

Directions: Ages 5+. Week 1: 1 capsule twice daily with food. Week 2 onward: 1 capsule daily with food. Under 5, check with practitioner.

Ultra Flora

- **Comparable To:** HiFlora 50 (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 60 Capsules (30 servings)
- **SKU:** PINM555

What it does. High-potency daily probiotic — 50 billion CFU from 12 strains. Includes a spore-forming *Bacillus subtilis* strain that survives stomach acid before activating in the gut.

Key Ingredients (per 2-capsule serving): - High-Potency Probiotic Blend — 500 mg (50 Billion CFU) - *Lactobacillus acidophilus* UALa-01 - *Bacillus subtilis* DE111® - *Lactobacillus bulgaricus* Lb-87 - *Bifidobacterium longum* UABI-14 - *Lactobacillus rhamnosus* DSM33560 - *Lactobacillus paracasei* UALpc-04 - *Bifidobacterium animalis lactis* VK2 - *Lactobacillus casei* UALc-03 - *Lactobacillus salivarius* SD-5851 - *Bifidobacterium lactis* BLC1 - *Lactobacillus plantarum* UALp-05 - *Streptococcus thermophilus* UASt-09

Directions: Take 2 capsules once per day.

Ultra Pre Powder

- **Comparable To:** MegaPre Precision Prebiotic (Microbiome Labs)
- **Manufacturer:** Microbiome Labs
- **Package Size:** 5.1 oz Powder (30 servings)
- **SKU:** ML004

What it does. Prebiotic powder — non-digestible oligosaccharides that feed beneficial gut bacteria and increase microbial diversity. Pairs well with probiotics.

Key Ingredients (per 4.8 g / 1 scoop): - Proprietary Functional Fiber Blend — 3.8 g - Galactooligosaccharides (Bimuno®) - Organic Xylooligosaccharides (PreticX®) - Organic gold + green kiwifruit powder (Livaux® and ACTAZIN®)

Directions: Ages 4+. Start with ½ scoop daily for 1 week, then 1 scoop daily mixed into 16 oz or more of cold water, juice, or smoothie.

Ultra Spore Biotic

- **Comparable To:** MegaSporeBiotic (Microbiome Labs)
- **Manufacturer:** Microbiome Labs
- **Package Size:** 60 Capsules (30 servings)
- **SKU:** ML002

What it does. Spore-based daily probiotic. Supports gut barrier function and microbial diversity. Doesn't need refrigeration.

Key Ingredients (per 2-capsule serving): - Proprietary Bacillus Blend — 295 mg (4 Billion CFU total) - *Bacillus indicus* HU36™ - *Bacillus licheniformis* (SL-307) - *Bacillus clausii* (SC-109) - *Bacillus subtilis* HU58™ - *Bacillus coagulans* (SC-208)

Directions: Ages 5+. Week 1: 1 capsule every other day. Week 2: 1 capsule daily. Max 2 per day.

Vitamins

Absorbable Zinc

- **Comparable To:** Zinc Glycinate (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 120 Capsules
- **SKU:** PINM148

What it does. Immune, prostate, and tissue-synthesis support. Uses TRAACS® zinc bisglycinate chelate — stays intact in the gut for better absorption than typical zinc forms.

Key Ingredients (per capsule): - Zinc (as zinc bisglycinate chelate) — 30 mg

Directions: 1 capsule once per day.

B-Balanced

- **Comparable To:** B Replete (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 180 Capsules
- **SKU:** PINM236

What it does. Full-spectrum B-complex with activated forms — supports adrenal function, energy, healthy stress response, and homocysteine metabolism. Uses 5-MTHF (Quatrefolic®), the most bioavailable folate form.

Key Ingredients (per capsule): - Vitamin C — 30 mg - Thiamin (B₁) — 20 mg - Riboflavin (B₂) — 20 mg - Niacin — 140 mg NE - Vitamin B₆ — 25 mg - Folate (5-MTHF) — 680 mcg DFE - Vitamin B₁₂ — 800 mcg - Biotin — 400 mcg - Pantothenic Acid — 150 mg - Choline — 30 mg - Benfotiamine — 20 mg - PABA — 15 mg

Directions: 1 capsule 1–2 times per day.

D3K25000

- **Comparable To:** D3-5000 + K2-200 (NuMedica)
- **Manufacturer:** NuMedica

- **Package Size:** 60 Softgels
- **SKU:** PINM980

What it does. Vitamin D3 paired with K2 for bone support and calcium utilization. Soy-free.

Key Ingredients (per softgel): - Vitamin D₃ (cholecalciferol) — 5,000 IU (125 mcg) - Vitamin K₂ (menaquinone-7 / VitaMK7®) — 200 mcg

Directions: 1 softgel once per day.

E-Balanced

- **Comparable To:** Elite E Complex (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 60 Softgels
- **SKU:** PINM112

What it does. Broad-spectrum vitamin E — natural tocopherol blend with an emphasis on gamma tocopherol for antioxidant support.

Key Ingredients (per softgel): - Vitamin E (as d-alpha tocopherol) — 151 mg (225 IU) - Total Tocopherols — 300 mg - D-gamma Tocopherol — 100 mg - Mixed Tocotrienol Complex — 5 mg

Directions: 1 softgel once per day.

Max Multi

- **Comparable To:** MultiMedica without Iron (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 120 Capsules (30 servings of 4)
- **SKU:** PINM250

What it does. Herb-free comprehensive daily multi with Albion® TRAACS® chelated minerals. Supports prostate, liver, and adrenal function plus broad-spectrum antioxidant coverage. No iron.

Key Ingredients (per 4-capsule serving): - Vitamin A — 6,000 mcg RAE - Vitamin C — 360 mg - Vitamin D₃ — 5 mcg - Vitamin E — 124 mg - Thiamin (B₁) — 20 mg - Riboflavin (B₂) — 20 mg - Niacin — 64 mg - NE - Vitamin B₆ — 20 mg - Folate — 680 mcg DFE - Vitamin B₁₂ — 500 mcg - Biotin — 1,000 mcg - Pantothenic Acid — 200 mg - Choline — 36 mg - Calcium — 100 mg - Iodine — 100 mcg - Magnesium — 100 mg - Zinc — 33 mg - Selenium — 100 mcg - Copper — 1 mg - Manganese — 0.50 mg - Chromium — 500 mcg - Molybdenum — 50 mcg - Potassium — 100 mg - Alpha-Lipoic Acid — 40 mg - Inositol — 36 mg - PABA — 13 mg - Vanadium — 750 mcg - Vitamin K₂ — 100 mcg

Directions: 4 capsules once per day.

Vit A

- **Comparable To:** Vitamin A (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 90 Capsules
- **SKU:** PINM586

What it does. Vitamin A support for vision, tissue, and cellular function.

Key Ingredients (per capsule): - Vitamin A (as retinyl palmitate) — 7,500 mcg RAE (25,000 IU)

Directions: 1 capsule once per day.

Minerals

Magnesium Glycinate

- **Comparable To:** Magnesium Glycinate (All-In Nutritionals)
- **Manufacturer:** All-In Nutritionals
- **Package Size:** 100 Capsules
- **SKU:** MAGGLYCN1

What it does. Highly bioavailable magnesium chelated with glycine — supports muscle function, nerve health, and a calm relaxation response with gentle GI tolerability.

Key Ingredients (per serving): - Magnesium (chelated with glycine) — 600 mg

Directions: As directed by practitioner (label serving is typically 2 capsules).

Organic Iodine

- **Comparable To:** Thyroxodine (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 2 fl oz (liquid, ~400 servings)
- **SKU:** PINM185

What it does. Liquid iodine for thyroid support — needed for T3/T4 synthesis. Also supports metabolism, cognition, and hair/nail/skin health.

Key Ingredients (per 3-drop / 0.15 mL serving): - Iodine (as potassium iodide) — 200 mcg

Other ingredients: Alfalfa, kelp, glycerin, purified water.

Directions: 3 drops (0.15 mL) in water once per day.

Hormone Support

DHEA 5mg

- **Comparable To:** DHEA 5mg (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 120 Capsules
- **SKU:** PINM331

What it does. Low-dose DHEA — the adrenal-produced "mother hormone" that converts to estrogen, testosterone, and progesterone. DHEA levels decline after age 30. This 5 mg strength is common for women's baseline support or gentle titration.

Key Ingredients (per capsule): - Dehydroepiandrosterone (DHEA) — 5 mg

Directions: As directed by practitioner.

Note: The 5 mg strength isn't currently listed on the PI online store — description above is generalized from DHEA 25mg product info. Confirm label copy at reorder.

DHEA 25mg

- **Comparable To:** DHEA 25mg (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 90 Capsules
- **SKU:** PINM074

What it does. Higher-strength DHEA. The adrenal "mother hormone" converts to estrogen, testosterone, and progesterone. Formula is 98.5% pure DHEA. Levels decline meaningfully after age 30.

Key Ingredients (per capsule): - Dehydroepiandrosterone (DHEA) — 25 mg

Directions: 1 capsule once per day. Consult practitioner if pregnant or nursing.

DIM

- **Comparable To:** DIM (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 120 Capsules (60 servings of 2)
- **SKU:** PINM025

What it does. Supports healthy estrogen metabolism in men and women. DIM is an active metabolite of Indole-3-Carbinol from cruciferous vegetables — promotes optimal 2-hydroxyestrogen / 16-hydroxyestrogen ratios. Curcumin + BioPerine® enhance absorption.

Key Ingredients (per 2-capsule serving): - Curcumin (from turmeric root, 95% curcuminoids) — 600 mg - Diindolylmethane (DIM) — 150 mg - Black Pepper (95% piperine) — 2 mg

Directions: 2 capsules once per day.

Bone Health

OsteoPlus

- **Comparable To:** OsteoMedica (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 120 Capsules (30 servings of 4)
- **SKU:** PINM061

What it does. Comprehensive bone support using MCHC (microcrystalline hydroxyapatite concentrate) from New Zealand pasture-fed cattle. Cold-processed to preserve collagen and bone growth factors. 30+ years of research behind MCHC for bone mineral density.

Key Ingredients (per 4-capsule serving): - Vitamin D₃ (cholecalciferol) — 400 IU (10 mcg) - Calcium (from MCHC + dicalcium malate) — 800 mg - Phosphorus (from MCHC) — 180 mg - Magnesium (dimagnesium malate + magnesium citrate) — 100 mg - MCHC — 2,000 mg

Directions: 4 capsules once per day.

Digestive

GastroGuard

- **Comparable To:** MegaGuard (Microbiome Labs)
- **Manufacturer:** Microbiome Labs
- **Package Size:** 60 Capsules
- **SKU:** ML005

What it does. Digestive support — promotes normal digestion, regulates stomach acid, maintains healthy H. pylori levels, and reduces occasional gas and bloating.

Key Ingredients (per capsule): - Artichoke leaf extract (*Cynara scolymus*) — 320 mg - Deglycyrrhized licorice root (GutGard®) — 75 mg - Ginger root extract (20% gingerols) — 30 mg

Directions: Ages 8+. 1 capsule 2× daily before meals.

Cardiovascular / Metabolic

EPADHA950

- **Comparable To:** Omega 950 (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 60 Softgels
- **SKU:** PINM035

What it does. Ultra-pure, molecularly distilled omega-3 fish oil (anchovy, mackerel, sardine). Supports cardiovascular, joint, brain, and nervous system health; helps maintain healthy triglycerides and cholesterol.

Key Ingredients (per softgel): - EPA (eicosapentaenoic acid) — 430 mg - DHA (docosahexaenoic acid) — 390 mg - Other Omega-3 Fatty Acids — 130 mg - Total Marine Lipid Concentrate — 1.30 g

Directions: 1 softgel 1–3× daily.

Red Yeast Rice

- **Comparable To:** Red Yeast Rice (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 90 Capsules
- **SKU:** PINM052

What it does. Cardiovascular and cholesterol support. Extra-strength, citrinin-free preparation of *Monascus purpureus* fermented on rice grains.

Key Ingredients (per capsule): - Red Yeast Rice (*Monascus purpureus*) — 905 mg

Directions: 1 capsule once per day (adults).

Ubiquinol

- **Comparable To:** CoQ Clear Ubiquinol (NuMedica)
- **Manufacturer:** NuMedica
- **Package Size:** 60 Softgels
- **SKU:** PINM234

What it does. The reduced (active) form of CoQ10 — better absorbed than standard ubiquinone. Uses natural food-grade citrus oil for solubility. Supports cellular energy and cardiovascular health.

Key Ingredients (per softgel): - Coenzyme Q₁₀ (as ubiquinol) — 100 mg

Directions: 1 softgel 1–2× daily with meals.

Skincare

RECODE GLOW CREAM

- **Comparable To:** (Iconic Beauty Labs' branded product — no separate generic name)
- **Manufacturer:** Iconic Beauty Labs
- **Package Size:** 1.7 oz
- **SKU:** RECODE

What it does. Peptide-based firming cream targeting elasticity, radiance, and fine lines. Uses copper peptide (GHK-Cu) and Acetyl Octapeptide-3 alongside clinical-grade actives.

Key Ingredients: - GHK-Cu (copper peptide) - Acetyl Octapeptide-3 - Additional clinical actives (concentrations not listed on label)

Directions: Apply a small amount to clean, wet or dry skin morning and night. Avoid contact with eyes.
